OUR AIM is to render a service that will be satisfactory to our customers. We realize that difficulties will sometimes occur despite all our efforts to avoid them. The Outside Front Cover of this directory shows whom to call to report service difficulties.

IF AT ANY TIME difficulties are not promptly corrected or unsatisfactory conditions persist, we shall appreciate your communicating the facts direct to the undersigned.

519 Exchange Street J. A. BRUNOLD, Manager Telephone Number 1000

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

THE FOLLOWING PAGES contain information that will help you secure the most value from your telephone service. It is to your interest to read them carefully. AN INDEX of the information contained on these pages is shown on the preceding page.

HOW TO TRANSACT BUSINESS WITH THE COMPANY

Astoria Business Office 519 Exchange Street Telephone 1000

Office Hours

The Business Office is open from 8:30 a. m. to 5:30 p. m., except on Sundays and holidays. At other times telephone calls made to the Business Office will be answered by a representative who will arrange to care for the various matters presented.

Applications for New Service, Changes in Location and Discontinuance of Service

Applications for new service should be placed with the Business Office. Whenever any change in telephone service is desired, the Business Office should be notified in advance, so that the work may be performed when you desire it done. When vacating premises be sure to advise the Business Office sufficiently in advance to permit of your account being closed promptly.

Changes in Directory Listings

In order that the Company may render good service at all times, it is essential that the Business Office be advised at once of all changes affecting the directory listings.

Bills for Service

Bills for service are rendered at regular intervals and are due upon presentation. Payment should be made either by mail or in person at the Business Office. Information regarding bills or an explanation thereof may be obtained from the Business Office.

Service Difficulties

The outside front cover of this directory shows whom to call to report service difficulties. It is the desire of the Company that difficulties be reported at once in order that corrective measures may be taken. If at any time difficulties are not promptly corrected, call the Business Office and report the facts.

HOW TO MAKE EMERGENCY CALLS

Astoria Fire Department 17

Astoria Police Department 211

When calling the Fire or Police Departments, obtain the correct number from this page or the outside front cover, and place your call in the usual manner.

Customers may, in an emergency, just say to the Operator who answers, "I want a policeman" or "I want to report a fire," and give her your address or telephone number, or both. Faster service can always be obtained by giving the correct number to the Operator in the usual manner.

HOW TO USE THE DIRECTORY

The Directory Arrangement

The Directory is composed of the Alphabetical Directory and the Buyers Guide. The Alphabetical Directory contains a complete list of both business and residence telephone customers, arranged in alphabetical sequence. The Buyers Guide contains a list of business customers. Listings are classified under a classified heading which is broadly descriptive of the business. The classified headings are arranged in alphabetical sequence. To facilitate finding a particular classified heading, "key" words appear at the top of each page, consisting of the first word of the first classification and the first word of the last classification on the page.

The Buyers Guide offers a convenient "short-cut" to easily and quickly locate a particular business customer, service or commodity.

To Obtain Additional Directories

If you desire additional copies of your directory or other directories issued by this Company or other Bell Telephone Companies they may be obtained at a nominal cost upon application to the Business Office.

Ownership of Directories

This Directory is the property of The Pacific Telephone And Telegraph Company and is provided for the sole and exclusive use of its patrons, who are requested to maintain it in its original condition, reasonable wear and tear excepted. The Company does not authorize the use of any binder, folder or auxiliary cover in connection with the directory, except as may be furnished by this Company.

Old directories must be surrendered to the carrier who delivers the subsequent issue, or should be promptly destroyed if the new issue is delivered by mail. As many telephone numbers are changed and new numbers are listed in every issue of the directory, wrong-number calls and annoyance will be avoided if obsolete directories are not used.

Errors in Directories

The Company assumes no liability because of errors or omissions in its directory. Extraordinary precautions are taken to prevent such errors. If errors are found they should be reported at once to the Business Office in order that they may be corrected.

HOW TO USE THE TELEPHONE

Obtain Correct Telephone Numbers

Consult the telephone directory to obtain the number you desire to call. If the number is not in the directory, call "INFORMATION" and ask to be furnished with the number and, when obtained, make a memorandum of the number for future reference on Page 1 of this directory.

How to Speak

Ask the operator for the number desired. Speak slowly and distinctly in your ordinary tone of voice with your lips about an inch from the telephone mouthpiece.

To Recall the Operator

If necessary to recall the operator for any reason move the receiver hook slowly up and down until the operator answers. Do not move the hook rapidly as the operator will not receive the signal. At telephones where the operator is signalled by turning a crank, the operator may be recalled by replacing the receiver on the hook and ringing again.

Reports on Calls

After calling a number remain with the receiver at your ear until the called number answers or until a report is received from the operator, as "(Called number) does not answer" or "The line is busy," etc. Reports indicating that the line is busy do not necessarily mean that the particular telephone called is busy, but may indicate that some telephone on the same line is in use. At some exchanges an interrupted "Burr-rr-ing" sound is heard after you have given your number to the operator, which informs you that the bell of the called telephone is ringing.

HOW TO USE THE TELEPHONE.—(Continued)

Party Lines

If your telephone is on a party line be careful to distinguish between your bell and the signals for other parties. Do not remove the receiver unless the call is your own.

Coin Box Telephones

Instruction cards are attached to coin box telephones, explaining their operation.

Telegrams by Telephone

To facilitate sending telegrams or cablegrams you should call telegraph companies as listed in the alphabetical directory.

Charges for telegraph messages of The Pacific Telephone And Telegraph Company at all exchanges, and the Western Union Telegraph Company at certain exchanges, placed by telephone, will be billed by the Telephone Company on its bill for telephone service, or if sent from a public coin box telephone, the charges will be collected at the time the message is sent.

Time Service

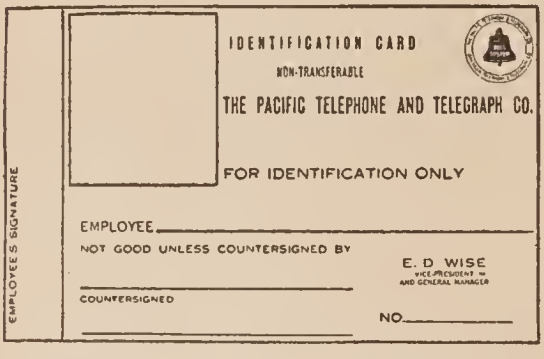
The time may be obtained upon request from the local operator.

The charge for this service will be the same as the charge at your regular rate for any other local call.

GENERAL INFORMATION FOR CUSTOMERS

Identification of Employees

Employees of the Company whose duties require them to enter the premises of customers are supplied with identification cards similar to the following illustration:



To assist you in identifying an employee in case you have any doubt as to his right to enter your premises, the card will bear a sample of his signature and a facsimile of his photograph, the latter being a part of the printed card and not an attachment to it.

Information relative to unauthorized persons requesting access to, or tampering with, telephone should be transmitted immediately to the Company; call the Business Office, 1000.

Attachments to Telephones

Various devices, claimed by their agents to eliminate noise, to destroy germs, supplant the telephone directory, etc., are entirely unnecessary and interfere with the service. Customers are therefore requested not to permit instruments or appliances not authorized by this Company to be attached to or be used in connection with its instruments or lines.

Regulations and Tariffs

The Regulations and Tariffs under which this Company operates are on file in the Business Office and are open to public inspection.

Number Changes

Changing telephone numbers is unavoidable and we appreciate that it results in some inconvenience to our customers. To meet the increase in use of telephone service, however, and in order to provide for new and additional service, rearrangements in our plant are sometimes necessary. Your cooperation in such readjustments as affect your service will be appreciated. In case telephone numbers are used on your stationery, vehicles, or other forms of advertising, it will be to the best interests of your service to keep them currently correct.

HOW TO MAKE OUT-OF-TOWN CALLS

FIRST—Decide whether the lower priced Station-to-Station service can be used, or whether the higher priced Person-to-Person service is necessary. Detailed explanation of these different classes of service is shown below and on the following page.

SECOND—If you can give the telephone number of the distant party your call can be handled more promptly. Telephone numbers for many out-of-town points may be obtained by calling "Information." If you have a considerable list, by arranging with the Business Office these numbers will be supplied.

To make a Station-to-Station call, if you know the telephone number, call Long Distance, and, for example, say to the operator, "I want to talk with Portland, Oregon, Broadway 1002. This is 138, Mr. Smith speaking."

If you do not know the telephone number, say to the operator, "I want to talk to anyone at Mr. A. B. Brown's telephone, 123 First Street, Portland, Oregon."

To make a Person-to-Person call, call Long Distance, and, for example, say to the operator, "I want to talk with Mr. A. B. Brown, Portland, Oregon, Broadway 1002. This is 138, Mr. Smith speaking." If you do not know the telephone number, give the street address, if known.

If a specific station on a Private Branch Exchange is desired, say, "I want to talk with Portland, Oregon, Broadway 1000, Local 128."

If you wish to be advised of the charge on a long distance call, time will be saved if you so notify the operator when you place the call. When you have finished the conversation and have replaced the receiver on the switchhook, the operator will compute the charge and call you back.

When "NUMBER SERVICE" is desired, give the first operator who answers your telephone number and the name of the city or town you are calling and the telephone number desired. Remain with the receiver at your ear until the called station answers, or the operator gives you a report on the call.

"NUMBER SERVICE" is given to only the exchanges listed below. If the number desired is not in the directory, it may be obtained by calling "Information":

From	To	From	To
Astoria	Seaside	Seaside	Astoria
Astoria	Warrenton	Warrenton	Astoria

STATION-TO-STATION SERVICE

STATION-TO-STATION SERVICE should be used when you will talk to ANYONE answering the telephone called, or when you feel that the person with whom you desire to talk can be promptly called to the telephone by the person answering. The charge for the call begins when anyone answers at the called telephone.

Rates for Station-to-Station calls are much cheaper than for other classes, because less labor and use of telephone equipment is required to complete them. For the same reason this service is generally more rapid.

Station-to-Station calls placed "collect" will be charged for at the Person-to-Person rate. Therefore, if it is desired to have the called party pay the charges, the Person-to-Person class of service should be used.

STATION-TO-STATION SERVICE—(Continued)

Reduced Station-to-Station rates, known as Evening and Night rates, are in effect between 8:30 p. m. and 4:30 a. m. Evening rates are effective from 8:30 p. m. to midnight and are about one-half the day rate. Night rates apply from midnight to 4:30 a. m. and are about one-fourth the Day rate. When the Day rate is 25c or less the Evening and Night rate will be the same as the Day rate. The time when the connection is established (in the city where the call originates) is used in applying the Evening and Night rates.

PERSON-TO-PERSON SERVICE

PERSON-TO-PERSON service should be used when you desire to talk with a specified person and want the operator to locate and inform him of the call. Calls to specified local stations on a Private Branch Exchange come under this classification. The rates for Person-to-Person calls are higher than Station-to-Station calls.

AN APPOINTMENT CALL is made when you desire to talk with a specified person at a designated time. The rate for this service is higher than the Person-to-Person rate.

MESSENGER CALLS—When it is necessary to send a messenger to summon the person called to the telephone, it is a messenger call. The rate for this class of service is the same as for an appointment call, but the exact amount for the messenger service will be charged in addition. The messenger charge must be guaranteed and must be paid, even if the desired conversation is not held.

COLLECT CALLS — On request of the calling party the total charges on Person-to-Person, Messenger and Appointment calls will be collected from the called telephone, providing such charges are accepted by the called person. The operator should be requested at the time the call is placed to collect the charges in this manner.

REPORT CHARGES — A report charge is made on uncompleted Person-to-Person, Messenger and Appointment calls when the failure to complete the call is not the fault of the Telephone Company. This charge is for partial compensation for the operating labor performed and use of the equipment required in attempting to locate and advise the called person of the call.

THE OPEN DOOR

Your telephone is a door to your business; when it is in use, that door is effectively closed to all who would gain admittance.

Have you checked up on your telephone facilities recently? Are any of your customers being turned away because they cannot reach you promptly?

The cost of an additional line is moderate and will help to keep your telephone door open. Just ask our Business Office.

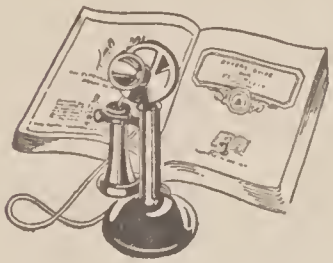
BUYERS GUIDE

FOR

ASTORIA

NOVEMBER 1930



"WHERE TO BUY IT"

"It's easy to find—
Where to buy it"

To find the telephone number of a business concern you have in mind—

First, *locate the heading descriptive of the general type of business. This will be found in its regular alphabetical order.*

Next, *locate the desired concern and telephone number by examining the listings under the heading.*

To find where to buy the article or service you want—

First, *locate the heading describing the article or service you wish.*

Then, *select from the listings the dealer with whom you wish to do business.*

Under these headings may also be found sub-headings descriptive of particular kinds of articles or services and the dealers who can serve you. The advertisements provide you with more complete buying information.

"Trade Mark or Brand Names followed by listings of local dealers will be found in their proper alphabetical order."

For advertising rates and other particulars call manager.
